CATCH/RELEASE/RECORD/FORMAT/SCORING

1. The Grand Rapids Area Chamber of Commerce Walleye Classic Tournament is designed for “weigh-in” through a photo and scorecard process, referred to as the “CRR”: Catch-Record-Release. No fish will be brought to the “weigh-in Stage”.
2. CRR requires the use of a digital camera. One digital camera that has a date and time feature and that is compatible for a SD memory card will be required per team. **CAMERAS WILL NOT BE PROVIDED. PARTICIPANTS ARE REQUIRED TO PROVIDE THEIR OWN SD COMPATIBLE CAMERA.** Blank formatted SD memory cards will be provided for tournament use.
3. Participants agree to use the provided required official tournament ruler and Official Tournament Scorecard. Team members agree to work together to measure, photograph, and record their catch.
4. The Catch, Record, Release procedures will be reviewed at the Rules meeting. The general procedures are as follows:
 - Team participant #1 holds the fish on the official tournament ruler. The belly of the fish must face the team participant #2, who will be taking the photo. With the mouth closed, the nose of the fish must touch the bump plate on the left, and the lower fin of the tail is extended back to its maximum length to the right.
 - Both team participants must agree on the length of the fish to 1/4th inch accuracy. If the tail fin crosses a graduation on the ruler, the official length may be rounded up to the nearest one quarter (1/4) of an inch.
 - While the fish is being held on the ruler by team participant #1, team participant #2 takes a photo of the fish and the ruler – showing both the head and tail of the fish.
 - The length of the fish is recorded on the Official Tournament Scorecard by team participant #1 and they initial the entry. If an error is made, the line should be crossed out and the next open line should be used to record the fish’s length.
 - One additional photo is taken of the fish being held by either participant.
 - The fish is then immediately released by the participant holding the fish – AFTER the length of the fish has been recorded and the additional photo has been taken.
 - Team participant #2 validates the length on the Official Tournament Scorecard by recording the number of the photos corresponding to the fish and his initials.
 - In the instance when two or more fish are caught at the same time, the CRR process requires that one fish at a time must be measured, photographed, and released as quickly as possible. NO fish are to be placed in the live well. It is NOT permissible to hold fish in water using nets, lines, stringers, etc. Delays in releasing fish may be grounds for disqualification.
 - Two scorecards will be provided. If the first Scorecard should become damaged, it is permissible to transfer the data to the second Scorecard. BOTH

Scorecards must be turned in at the check in boat. Loss of the Official Scorecard will result in disqualification.

- Tournament standings, contingency awards and final winners shall be determined by the total converted weight of each team.
 - Any fish that appears to have been mangled, mashed, mauled or otherwise altered will be credited only at the discretion of tournament officials.
5. Any fish under 14” will be immediately disqualified.
 6. Winners will be determined by total converted weight of up to seven (7) walleyes. In the case of a tie, position will be determined by the team with the one (1) single heaviest fish.
 7. All fish must be caught on a hook and line in a conventional sporting manner. Anyone guilty of snatching or snagging fish (that is, not hooked in the head per state regulations) will be disqualified.
 8. At the 3:00 p.m., check-in, teams will select seven (7) fish to be counted towards their total weight, and mark these fish on the Official Scorecard. The length of each of the seven (7) designated fish will be converted to digital weights using a standardized formula by the Tournament Committee Officials. The photos of each fish will be used for confirmation of lengths and for display on the weigh-in monitors and the tournament website.
